 19. A. rides B. drives C. runs D. hovers
 20. A. get B. change C. replace D. charge

II. (1.0 pt) Read the passage and choose the best option to answer each of the following questions

If you are a big fan of Doraemon, a Japanese cartoon series, you will realise that there are some magic gadgets that can transport people from one place to another in a super modern way. They are imaginary products that reflect people’s desire to invent future means of transport. One of the most popular ones is the bamboo-copter. It has a semi spherical base connected with spinning rooters by a thin shaft. Just putting it on any part of the body, Doraemon and his friends can fly anywhere they want by just thinking. It looks small but can carry a heavy body. Although it runs on batteries, it doesn’t pollute the environment. However, sometimes users can have a big problem if the battery is flat, especially when they cross a vast ocean or desert.

21. What is the passage mainly about?
 A. A desire to invent a modern means of transport.
 B. An imaginary means of transport in a cartoon series.
 C. A magic gadget of Doraemon that can save the world.
 22. The underlined word “They” (in line 2) refer to _____.
 A. Magic gadgets B. Doraemon and his friends. C. Cartoon series.
 23. Where can we put a bamboo-copter?
 A. On a semi spherical base. B. On a thin shaft. C. On any part of the body.
 24. How can Doraemon and his friends fly with a bamboo-copter?
 A. By thinking. B. By using a control button. C. By touching continuously
